Vision Statement

St Patrick's Catholic School endeavours to be a Jesus-centred community in which staff, parents and students collaborate to provide an environment where the worth and dignity of each person is realised and appreciated.

Mission Statement

We believe all children have the right to grow and develop to their full potential in an atmosphere of love, belonging and security. Having the greatest influence on their lives, parents are the primary educators of their children. They guide and nurture their values, attitudes to learning, life and religious growth.

Teachers complement and extend the development of the whole child, helping to meet spiritual, intellectual, psychological and social needs. The whole school community, sharing this vision, cooperates in a climate of mutual support and respect.

The distinctive nature of St Patrick's Catholic School is its determination to live and implement the Gospel values of Jesus Christ.
